# **Preventative Actions**

# **Equity Initiatives Unit**

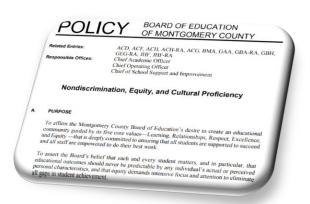

At the beginning of each school year and continuously through the school improvement process:

- 1. Engage staff members and students to create a *Heat Map* of spaces within the school and surrounding areas where hate bias incidents occur
- 2. Solicit staff member and student responses to the *School Climate Questionnaire*; analyze and present results to focus groups or students and staff members; discuss and respond to suggestions
- 3. Create a School Hate-Bias Plan
- 4. Identify ongoing activities to bring diverse students together

Founded on the principles of Board of Education Policy ACA: *Nondiscrimination, Equity, and Cultural* <u>*Proficiency*</u>, **Hate-Bias Incidents**</u> are incidents involving discrimination based on personal characteristics that include race, ethnicity, color, ancestry, national origin, religion, immigration status, sex, gender, gender

identity, gender expression, sexual orientation, family/parental status, marital status, age, physical or mental disability, poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations.

Discrimination in any form will not be tolerated. It impedes Montgomery County Public Schools' (MCPS) ability to discharge its responsibilities to all students and staff, and achieve our community's long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all.

The Board recognizes that equity goes beyond meeting the

letter of the law. Equity also requires proactive steps to identify and redress implicit biases and structural and institutional barriers that too often have resulted in identifiable groups of students and staff being unjustifiably or disproportionately excluded from or underrepresented in key educational program areas and sectors of the workforce, as well as over-identified in student discipline actions.

MCPS will be proactive in our approach, as well as investigate and respond to incidents of hate bias, whether or not they rise to the level of criminal activity as identified by the Montgomery County Police Department.
