

EARTH DAY

When the first Earth Day was held in 1970, 22 million Americans celebrated clean air, land, and water.

Take a moment to join the global Earth Day celebration at earthday.org and learn about the interesting history of this special event.

NEED IDEAS FOR EARTH DAY ACTIVITIES?

Visit the SERT website often to find out how other MCPS schools are celebrating Earth Day.

Environmental information, resources and events can be found on the EPA's website, epa.gov.

CELEBRATE EARTH DAY EVERY DAY!

Find great Earth Day activities and crafts for young students at kidsoup.com and activities for all grade levels (K-12) at educationworld.com. Songs and poems are posted at canteach.ca.

Make sure to visit our own MCPS [outdoor education](http://outdoor education site) site to experience adventures in nature and nature.org to get involved with the Nature Conservancy program.

If your school isn't a Maryland Green School, visit maeoe.org to review the application process.

APRIL 22

We'd love to share your school's Earth Day plans on our website.

E-mail your planned activities to SERT@mcpsmd.org.

Use #EarthDayEveryDay and tag @mcpsSERT when you tweet about your #EarthDay events!
