QUARTERLY RECYCLING AWARDS

THANKS TO THE OUTSTANDING RECYCLING EFFORTS OF OUR STUDENTS AND STAFF, Montgomery County Public Schools (MCPS) recycled 1,176 tons of paper and commingled materials during the first quarter (September–November) of the 2021–2022 school year. During this period, our MCPS elementary schools recycled an average of 4.13 pounds per person (PPP); middle schools achieved an average of 2.68 PPP, and high schools managed 2.07 PPP. To calculate pounds per person, we use this formula: $PPP = (\text{total weight of recycled paper} + \text{total weight of commingled items}) \div (\text{total number of students} + \text{staff})$

The SERT program is pleased to announce that the 25 schools listed below have earned recycling awards for the first quarter of this school year. Each of them recycled remarkably well, which resulted in PPP percentages that were well above the average for their level. We thank all of the students and staff for their outstanding recycling efforts throughout the quarter, and applaud their commitment to conservation and sustainability.

TOP 15 ELEMENTARY SCHOOLS:

Belmont Elementary School
Candlewood Elementary School
Cannon Road Elementary School
Clarksburg Elementary School
Darnestown Elementary School
Highland View Elementary School
Jones Lane Elementary School
Monocacy Elementary School
North Chevy Chase Elementary School
Oakland Terrace Elementary School
Potomac Elementary School
Rock Creek Valley Elementary School
Rock View Elementary School
Sherwood Elementary School
Travilah Elementary School

TOP 5 MIDDLE SCHOOLS:

A. Mario Loiederman Middle School
Gaithersburg Middle School
John Poole Middle School
Newport Mill Middle School
Redland Middle School

TOP 5 HIGH SCHOOLS:

Gaithersburg High School
John F. Kennedy High School
Northwood High School
Poolesville High School
Rockville High School
