

## Top Math Sites

We do not want our students to spend the summer stuck in reverse—especially when it comes to math skills. Here are some of the best websites to help your child maintain and improve their math skills.

1. <http://www.kidsites.com/sites-edu/math.htm>. This site has links to 16 of the best math sites for elementary students of all grades.
2. [www.AAAMath.com](http://www.AAAMath.com). Customized by grade level and topic, AAA Math features explanations of various mathematical topics, practice problems and fun, challenging games.
3. [www.coolmath.com](http://www.coolmath.com). This fully interactive site and allows the user to sharpen basic math skills, play games and explore new math concepts.
4. [www.figurethis.org](http://www.figurethis.org). Created by the National Council of Teachers of Mathematics, this site helps families enjoy mathematics outside school through a series of fun and engaging challenges.
5. [www.mathcats.com](http://www.mathcats.com). Math Cats provides playful explorations of important math concepts through games, crafts and interactive projects. Includes a magic chalkboard and an art gallery.
6. [www.easymaths.org](http://www.easymaths.org). This South African Community website for teachers, parents and students is complete with lessons, tests, exams, worksheets, study skills and much more.
7. [www.funbrain.com/numbers.html](http://www.funbrain.com/numbers.html). This site includes 17 original games based on soccer, car racing, and much more. Other games include Math Baseball and Operation Order where students can build pyramids with their knowledge of algebra.
