

# Common Sense Resources For Families

*Our goal at Common Sense is to support families in raising kids who think critically, participate responsibly, and behave ethically in their online lives.*

## Connecting Families

<https://www.commonsense.org/education/connecting-families>

From cyberbullying and photo sharing to digital footprints and online safety, the Connecting Families program helps parents address important topics and have meaningful conversations with their kids about making great choices in their digital lives.

This free, year long program includes:

- A **Digital Glossary**, packed with explanations of different platforms and vocabulary kids use when they're talking about different apps and behavior
- **Family Tip Sheets**, with our best advice on how to handle different challenges
- **Digital Dilemmas**, for parents to start authentic conversations at home with their kids about real-life sticky situations
- **Family Media Agreements**, to help families set their own expectations about media use in the home
- And more ...

## Ratings & Reviews

<https://www.commonsensemedia.org/>

We have the largest, most trusted library of media ratings and reviews that help parents, educators, and kids select media based on age-appropriateness and learning potential. Our goal is to give you trustworthy information so that you can decide what works for your family.

## Device Free Dinner

<https://www.commonsensemedia.org/device-free-dinner>

In today's 24/7 digital world, we could all use a little break from our devices. Keeping devices off the dinner table gives families much-needed time to share and connect face-to-face.
