

A winter-themed illustration with a light blue background. It features stylized dark blue evergreen trees on the left and right, some with white snow on their peaks. There are clusters of red berries on thin white stems scattered throughout. White clouds and small white dots representing snow are also present. The overall style is clean and modern.

Virtual Learning Day

Transitioning to virtual learning is considered when the impacting event is predictable, part of a multi-day scenario such as a blizzard, or when prior communication with families, students and staff can take place. The decision to offer virtual learning will be announced by noon the day prior. Messages from schools will remind families that it is a required school day and how to log in to classes. In order to allow time for students and staff to adjust, log in and access resources on an inclement weather virtual learning day, all instruction will begin two hours later than the school's normal bell schedule. There will be a minimum of four hours of synchronous instruction. Attendance will be taken. Students who are unable to connect will receive an excused absence, and given an opportunity to make up work.

SYNCHRONOUS

SCHEDULING AND INSTRUCTION

Master Schedule

- 2 Hour Delayed Start for students (Instructional day will be 11:00 am - 3:30 pm)
- Minimum of 4 hours synchronous instruction that at a minimum includes math and literacy
- Specials - students will join the Zoom classroom of their assigned specialist at the assigned time
- Universal lunch time - 1:00-1:30

Instructional Materials

In preparation of a virtual learning day, any math and literacy resources needed will be sent home with students.

Limited Chromebooks are available for students who do not have a device at home. You can [Request a Chromebook from MCPS](#) using this link

Assessments

District and state assessments will not be administered virtually

Grades

Teachers will determine fair and equitable grading practices during any virtual learning. Teachers will remain flexible and have opportunities for students to make up missed work

ELD and Interventions

ELD and Interventions will continue and would be taught in a breakout room or a separate Zoom

Special Education

Special Education services will continue, to be coordinated with the teacher/families
